LOCAL AND PERSONAL

CHAMBER OF COMMERCE TO HOLD MASS MEETING.

The directors of the Hondo Chamber of Commerce have called a mass meeting of the citizens to be held at the Colonial Theatre building at seven o'clock, January 23rd.

The purpose of this meeting is to place before the citizens the dire necessity now confronting them with regard to city lights, city watchman, and the city fire department. The lack of funds may cause our city to be in darkness and without the services of a night watchman if steps are not taken immediately to relieve the situation. Unless our fire department receives additional support, especially in the form of additional active members to serve in the fire company, our insurance rates will be raised by the State Fire and Insurance Board.

Every citizen in Hondo should attend this meeting. Set aside all other things, and make arrangements to attend this meeting. The time: Thursday night, January 23, 7 P. M. Place: Colonial Theatre building.

METHODIST CHURCH.

Shan M. Hull, Pastor.
The Woman's Missionary Societies of the Uvalde Zone will meet at the Hondo Methodist Church in their regular Zone meeting, next Wednesday, January 22, at 10 A. M. The noon lunch will be served by the Hondo ladies to all visitors. We hope that all of our ladies will make a special effort to attend the meeting.

Plans are being made for a Christian Worker's Training School to be held at the Hondo Methodist Church February 9-12. This will be a three-teacher school, with the following courses to be offered: Children in the Small Church, taught by Mrs. J. G. Palmer; The Life of Christ, taught by Rev. H. H. Washington; What it Means to be a Christian, a course for young people between the ages of 16 and 23, taught by Rev. Wood Patrick, Conference Executive Secretary. The participating churches will be the Sabinal, Hondo, Yancey, and New Fountain churches. A more detailed account of the school will be had later.

Our Presiding Elder visited in the Parsonage Home at Hondo Wednesday of this week, and announced the District Conference to be held at Pearsall April 20-23. Dr. Grady Timmons, pastor of the Travis Park Church, will be the inspirational speaker during the conference. The Westmoorland College Glee Club will attend the conference and have a special part on the program. Remember, it is the plan of the Churches of Methodism to pay one half of the Conference Assessments by Easter Sunday. Let's all make a special effort to take care of our assessments by that time or at least by the meeting of the District Conference, which will be two weeks later.

Hondo was one among five churches that paid one half of their Conference Assessments by the meeting of the District Conference. We may do the same this year, with the cooperation of the membership.

The Young People of the New Fountain Church gave a program during the Epworth League hour last Sunday evening, which was highly appreciated by all present; sandwiches and hot chocolate were served by the Young People of the Hondo Church. Come again, New Fountain.

TO APPLICANTS FOR RESETTLEMENT LOANS.

In order that the completion of applications for Resettlement Loans may be accomplished in shorter time, Mondays and Tuesdays of each week have been set aside for the acceptance of applications.

This system will enable us to interview more applicants, and complete more applications, than heretofore.

THURSDAY BRIDGE CLUB.

Mrs. R. J. Noonan entertained the Thursday Bridge Club at her home on last Thursday afternoon. Prizes were awarded Mrs. L. J. Brucks for high score and Mrs. O. B. Taylor for second high score. Refreshments were served at the end of the games to Mesdames Brucks, Taylor, L. E. Heath, T. B. Knopp, O. H. Miller, H. J. Meyer, W. H. Smith, Earl Starnes, Elmer Leinweber, Garland Martin and John Finger, and the hostess, Mrs. Noonan.

DID YOU EVER STOP TO THINK

By Edson R. Waite,
Shawnee, Oklahoma.

Success is often the difference between good roads and the lack of them.

"Part time" roads don't do much for a community.

New industries seeking a location are always greatly influenced by the evidences of support and encouragement shown by good roads.

Most communities can be thankful for the character of their business men.

They have men of the type that make a community better, men of high ideals who are willing at all times to labor for the good of the entire community; men who believe in a square deal for all, who believe in their community and its future.

These men do all in their power to encourage and develop all-year-round roads.

COMMUNITIES THAT HAVE GOOD ROADS WILL GET SOMEWHERE.

Better Still, They Will Get Others to Come to Them.

HONDO FARM LOAN ASSOCIATION ELECTS DIRECTORS.

The annual meeting of the Hondo National Farm Loan Association, which was held at the Colonial Theatre Tuesday, January 14, was one of the best meetings in the history of the association.

Mr. O. J. Wurzbach of Riomedina; Mr. Arthur G. Ilse of D'Hanis; Mr. C. J. Bless, Mr. J. M. Finger, Mr. F. G. Senne, Mr. A. L. Haegelin and Mr. Chas. Metzger of Hondo, were elected directors of the association for the ensuing year. Mr. J. H. Burkin was re-elected Secretary-Treasurer of the association for 1936.

A feature of the meeting was the annual report of the association, and a radio address by A. C. Williams, President of the Federal Land Bank of Houston, who spoke to the members of the 365 national farm loan associations in Texas who were attending similar meetings in cities and towns all over Texas at the same hour. This was made possible through the cooperation of the major radio broadcasting stations which make up the Texas Quality Network.

Mr. Williams explained the types of credit available through the units of the Farm Credit Administration, the basis upon which appraisals are made in connection with applications for land bank loans, and the advantages of these credit institutions. He also commented upon the important part which the cooperative farmer-owned national farm loan associations play in the successful operation of the Federal Farm Loan System, and emphasized the fact that the Farm Credit Administration units offered the many types of credit needed by agriculture. "Farmers generally should familiarize themselves with the types of loans available through these institutions, with the view of developing cooperative credit centers where deserving borrowers may secure both long and short term credit according to their needs," said Mr. Williams.

The Hondo National Farm Loan Association has helped more than 200 farmers and stockmen of Medina, and adjoining counties, to finance their indebtedness on a sound basis. Since the creation of the Farm Credit Administration in May, 1933, this association has made land bank and Commissioner loans in its territory amounting to \$1,755,665.00.

ADULT EDUCATION CLASS.

How to improve the milling quality of Medina County's corn will be the aim of a class in adult education organized at the school auditorium last Monday night.

Pursuant to a call by Prof. C. D. Sadler, vocational agriculture teacher of Hondo High School, about twenty or twenty-five interested parties assembled at 7:30 o'clock. Superintendent J. G. Barry called the assembly to order and explained the purpose of the call. Under the terms of the Smith-Hughes law, teachers of vocational agriculture are required to conduct an adult school of ten lessons during the course of the school term. It was in performance of this duty that the meeting had been called to select a subject for study and determine the time and place for the meeting of the class.

Mr. Sadler explained briefly the history of vocational agricultural teaching, its progress and its methods of teaching. He read a long and varied list of study subjects, explaining that any one but only one subject could be selected by a majority vote of those present.

In the informal discussion that followed, C. J. Monkhous and C. M. Merritt brought out the anomalous fact that while Medina County has almost completely changed from all-cotton to all-corn as a cash crop during recent years at the same time the milling quality of our corn has greatly deteriorated. Due to this fact, and the further fact that corn production is almost a hundred per cent farm practice in Medina County, it was decided to take up this subject for the ten lessons.

The class will meet again at 7:30 o'clock P. M. next Monday night. Mr. Sadler invites all interested parties to attend this school. There will be no tuition charges and he is required to give his services to such as are willing to attend. If, as a consequence of the study here undertaken, the milling quality of Medina County's corn is improved one per cent for the future, to say nothing of increased production, no one could compute the value it will be in cash returns to farmers on future crops to be grown.

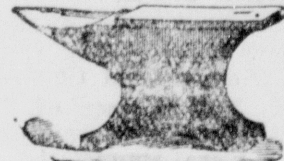

After the meeting adjourned, those present were taken on a visit of inspection through the science room of the school building. A wealth of agricultural material has been assembled since the subject of agriculture was introduced at the beginning of the present term of school.

ST. PAUL'S LUTHERAN CHURCH.

The service next Sunday, Jan. 19, will be in the English language beginning at 10:30. Service at Sprotville at 2:30. Members of the Church Council will be installed next Sunday morning. This is an office which challenges the best that is in our laymen in the way of service to the Church and the Lord. Let us give them full cooperation.

BABY SHOW.

There will be a BABY SHOW held at the Colonial Theatre Wednesday night, January 22. A prize will be awarded for the most popular baby. Attend and put your favorite baby over. See program elsewhere in this paper for the picture.

WHERE IS THE MONEY TO COME FROM?

According to Edward F. Loomis, President of the Lehigh Valley Railroad, in an article in the Forum for December, the railroads of the nation are in danger of being forced to a policy of the most drastic economy, with possible further reductions in employment, because of the heavy burdens saddled on them by various social-security laws, including the railroad retirement act.

At the present time, the railroads are among the most heavily taxed of all industries. Last year their taxes came to \$243,812,000—a figure exceeded only by their 1929 taxes, when business was booming and railroad revenues were much greater.

Many of the principal railroads of the country have been unable to earn their fixed charges, which include bond interest for the past three years. Railroad net operating profit this year is averaging less than 2 per cent per annum.

The new financial burdens, such as the social security acts, are imposed without regard to income. They will run far into the millions and they can be paid in only two ways—one, by making it possible for the rails to do more business and earn more money, or second, by a policy of retrenchment which will decrease railroad employment, cut down purchasing, and adversely affect all business.

The situation is one of the utmost gravity, particularly at a time when all the energies of the nation are needed to bring recovery.

The railroads are certainly not opposed to social security for their workers—many had liberal pension systems long before government pensions were thought of—but it is obviously impossible for them to spend more millions than they can collect. —Industrial News Review.

THE DEAN OUGHT TO KNOW.

From Fletcher's Farming.

Speaking before the Texas Agricultural Association Convention at Dallas Wednesday, Dean E. J. Kyle of the School of Agriculture at Texas A. and M. College, among other things, is quoted by the daily papers as telling his hearers that:

Unless tariff barriers which have made the East rich at the expense of the agricultural Southwest are lowered, the farmer must be allowed to retain his own tariff, the processing taxes.

"The cotton farmer would have been the most prosperous man in the world but for high duties on imports." And after tracing the history of tariffs in the United States, he said, "WE DIDN'T KNOW OR REALIZE WHAT THEY WERE DOING TO US."

"The farmer cannot keep out of the peasant class without either government help or ABOLISHING THE TARIFF."

With all due respect to the Dean, we submit that one of his accusers SHOULD HAVE "KNOWN" AND "REALIZED" ALL ALONG what he is so positively sure of now, that the tariff protected beneficiaries were "made rich" at the expense of poverty and portending peasantry for the farmers.

Having come so late into a knowledge of so palpable and so portentous a thing as this, one wonders if the Dean knows that for the "farmers' protective tariff" to enrich them as the protective tariff has enriched its beneficiaries some other "class" must, as the farmers have been, be mulcted into poverty and peasantry.

Will the Dean name the "class" he would mark for the sacrifice?

Surely he could not expect it to be the protective tariff barons; for could "the farmers' tariff" offset the "benefits" enjoyed by the tariff beneficiaries, they would then have arrived at a state of equilibrium where there would be no advantage in maintaining a protective tariff, and its abolition would, by opening up the country to freedom of trade with the world, automatically remove all benefits from the "farmers' tariff."

So, assuredly, some other class than the long favored tariff barons must be found.

As pointing out a possible fruitful line of research for the Dean to pursue in his efforts to find who the victim of the farmers' tariff may prove to be, a comparison of how the two systems work might not be out of place.

At any rate, the DEAN OUGHT TO KNOW—

That the purchaser of foreign goods pays the tariff tax; the purchaser of the farmers' produce pays the processing tax.

From each tax the cost of the government's administration comes; the foreign goods customer paying (Continued on last page.)

GEORGE WALLACE SCHUEHLE KILLED.

Death rode the highway Saturday night and claimed the life of George Wallace Schuehle, son of Mr. and Mrs. Hy. L. Schuehle, one of twin brothers, some 16 years of age.

Young Schuehle, in company with his cousin, Andrew Schuehle, and Miss Adeline Krenmueller, was enroute to D'Hanis to attend a dance. When attempting to round the curve at the Walter Saathoff farm, their car failed to take the curve in time, it crashed through the guard posts snapping several of them off, left the highway embankment, crossed the ditch at an angle narrowly missing a culvert, tore on through a wire fence breaking down several fence posts, turned over several times, finally stopping on its wheels. All three of the occupants were thrown clear of the car, the top of it being completely demolished.

A passing motorist picked up the unfortunate young man and hurried to the Medina Hospital but he died en route.

The other occupants of the car were found in a dazed condition, brought to Hondo where their cuts and bruises were treated, and neither round dangerously injured. They were able to be out the next day.

We are indebted to Rev. C. Weeper, pastor of the Quilhi Lutheran Church, who conducted the funeral on Sunday afternoon, for the following memorial:

In the midst of life we are surrounded by thousands of dangers and behind each death is lurking and threatening with all the sorrow and sadness, often with shock and heart-rending terror that leaves a gloomy cloud forever on hearts and homes. "Memento mori", remember you are to die some day, and it's an inescapable fact and fate hovering over your earthly existence. Often we forget, often we even are round courting and inviting death in unwary mood, and it's made so easy with our modern conveyances, and with the suddenness of our icy blasts from the north tragedy stands at the crossroad, curve and corner, and snuffs out a life still full of vigor and promise, and with no thought whatever as to the "finis", the last chapter, of an earthly career.

Again we were sorely reminded of this fact by the sudden death of George Wallace Schuehle, the son of Mr. and Mrs. Henry Schuehle, located in the Sturm Hill community. There the child was born on October 14, 1919, and, quite later, he was baptized by the Rev. C. P. Hasskari at the Lutheran church at Quilhi. His school years, the last spent at the Upper Quilhi school, and after the grades given there had been accomplished, he attended a year of high school work at Hondo. He was also a member in a class of catechumens where the writer had been able to get in closer contact during instruction hours at Quilhi. He seemed to be of the quiet sort of fellows, though full of vitality and prowess, strictly minding his own business and carving out his own destiny, yet at all times sociable and friendly with his mates of the same age and inclination. The religious note in the work seemed to awaken a sympathetic response in his soul, and we are fairly positive that the impressions received were never worn off entirely.

After a few years of homelife and home-work, he secured a position at San Antonio and later on was employed with the Saunders Commission Company, staying with a sister, and frequently visiting the old home. At one of these trips, accompanied by several young people, he came to his untimely death a few miles west of Hondo when the car, driven by a companion, swerved and turned over and crushed the lad, on Saturday, January 11th, at about 9 P. M. He breathed his last on the way to the hospital, at an age of 16 years, 2 months and 28 days.

These intensely mourning his death are his parents, Mr. and Mrs. Henry Schuehle, three sisters, Mrs. Annie Cooper, Mrs. Nora Saathoff of San Antonio, Miss Lillian Schuehle, and four brothers, Willie, his twin brother, Henry, and the other twins, Claude and Clyde, and many young friends and comrades. May the Lord comfort the stricken hearts.

Funeral services were held at the Harker mortuary, with interment at the Oakwood cemetery, on January 12th. A large number of friends of the family had turned out to bid the last farewell to the silent youthful corpse.

The following young men acted as pall-bearers: Raymond Saathoff, Hobby Schuehle, Charles Hartman, Charles Martin, Kyle Muennink and Calvin Hartman.

He that believeth in Me, though he were dead, yet shall he live. John 11:25.

"In Isaac shall thy seed be called," thy name and the history of thy house and generation and the whole tribe be continued and the blessing for the whole world eventually come. No sideline, no self-chosen admixture, no carnal considerations and no compromise. Such is the decree of the Lord. In His sovereign independence He makes the history of the Savior and of salvation in its earliest stages down to the closing chapters, when the virgin mother was saluted by the angel and apprized of her high destiny. No human speculation or maneuvering or engineering were to join hands with God's plan of salvation; it should strictly be a matter of His own device a matter of promise, a gift of grace from beginning to end. Would we want it otherwise? Who else could champion the sublime cause better than He? Even if the puzzling question of mysterious preferences might cause a headache—just why must it be Isaac and not Israel, yea, Abraham and not Lot, Israel and not a pagan tribe, a white race and not one of the colored variety, etc., with depravity and lack of adequate merit on both sides? We might adduce reasons, but they would not fully lift the veil. The fact that none of these is excluded from salvation will brighten the view. And, furthermore, even in material prospects the son of the bondswoman shall be benefited, due to his origin and close contact with the person and house of Abraham, as much as the pagan tribes in general have profited by their contact with the chosen race, and as much as a modern pagan world lives in the radiance of Christian ideals, culture and civilization, in spite of their disavowal and protest.

It may sound paradoxical and absurd, but our fine spring weather seems to enlarge our sick-list and cause misery here and there. Of many cases we do not hear. It's their way of not making much ado in these ailments. Those we saw were over the worst. Among them Mrs. Henry Buss and Roy Bohlen. Those sudden changes are dangerous—every winter.

Last Sunday was promotion Sunday in our Sunday school and Bible class and most of the pupils appreciated the occasion. The teachers are putting their best foot forward in their attempts to be of service in their work. Not all are able to appreciate this labor of love; and quite many fail to see what their children are missing by absence. In some cases, we know, it's a sheer impossibility to send them, but we have not those in mind at this point.

Miss E. Frey, Miss Elsa Harms and Mrs. Rips with her grandchild, friends from San Antonio, paid us an after-Christmas visit and we are glad to hear that Quihi, far away from the city-hustle and bustle, is such a wonderful nerve-bracer for them.

Our heartfelt sympathy goes out to the heart-schuehle family at the tragic loss of their son, George. The Lord always attaches a message to these events, and though His hand sometimes moves in the dark, He has thoughts of peace for us who remain and fear Him.

The Purpose of Deposit Insurance

When Congress created the Federal Deposit Insurance Corporation its primary objective was the protection of depositors. This Corporation began insuring deposits January 1, 1934. It is a permanent organization.

It now insures deposits in a great majority of the banks, including this institution. As a result, millions of depositors enjoy a degree of financial security heretofore unknown. When you have money on deposit here you know for a certainty that your deposits up to \$5,000 are fully safeguarded against loss. Deposit insurance is for your protection.

BUYERS WARNED AGAINST FIDELITY TRUCKING LOW QUALITY SEEDS.

Any trucker who is not a carrier and who hails misbranded seed from one State to peddle in another State violates the Federal Seed Act, the U. S. Department of Agriculture warns. Transporting misbranded seed from one State to another is forbidden by law, but common carriers are exempt. Selling misbranded seed in interstate commerce is also an offense, and the delinquent trucker could be punished either or both of these acts.

Complaints received from officials by the Division of Seed Investigations, which administers the Act, indicate that much of the seed sold by truckers from other States has been sold at unusually low prices. But this cheap seed is also of a low quality—or otherwise misbranded. Truckers should be able to handle seed that is correctly labeled and is of high quality. Past experience indicates, however, that it is business to buy seed from a stranger or person whose reputation is unknown. Buying cheap seed has resulted in injury to many farmers who have not realized the importance of buying seed that is clean and of noxious weed seeds, seeds that germinate well, and seed of a variety adapted to the buyer's locality.

An investigation made by department officials in one case revealed that a truck owner was screening from a large seed bin and selling it across the State as good seed. Of course he was forced to brand the seed to get buyers. If seed had been truthfully labeled, farmers would have known better than to buy it.

Unless he keeps a record in red and white, a farmer has no record against the person who sold him seed. There have been extreme cases where the seed was not labeled, and the buyer did not even know the name of the trucker or his address and did not even make a record of the State and number of the plates. It is impossible for seed officials to be of any assistance in case of this kind.

The Department of Agriculture officials think it is unwise to buy seed unless it is completely labeled, and unless the buyer gets a written receipt of the transaction. Any questionable transactions should be reported to State seed official who may report the case to the Federal authorities if it appears the Federal Seed Act has been violated.

MORE THAN A MILLION IN TAXES.

More than \$1,000,000 in additional taxes are being paid this week the United States Gas Supply Company, Texas, Louisiana, and Mississippi.

R. Briggs, District Manager announced today. Of this amount, Texas has paid \$554,000, Louisiana \$101,279.48, the statement said. Disbursements of these taxes will be completed early in January.

The growth of the natural gas industry to a point where it pours more than a million dollars a year into funds and provides employment for thousands of people in this area has been remarkable, said Mr. Briggs considering the fact that natural gas for commercial purposes was not developed extensively until after 1900.

UNIVERSAL CREDIT COMPANY LEADS THE WAY WITH NEW UNIVERSAL, LOW COST, EASY PAYMENT PLANS FOR FORD CUSTOMERS.

New \$25.00 per Month Plan Offers Thrift with Safety at Cost of 1-2% per Month—6% for 12 Months.

Credit Company has had remarkable growth.

Eight years ago the Universal Credit Company began its history as an important factor in the commercial, financial, and industrial life of the nation—a specialized financial institution created for the exclusive purpose of providing a financing factor in financing the time sales of Ford cars and trucks. The company has made sound and substantial progress ever since inception.

During this comparatively brief but disturbed period in the economic history of the United States, Universal Credit Company has financed the purchase of new Ford cars and used cars sold by Ford dealers exclusively to the motor-buying public of America in the amount of more than one and a half billion dollars, serving a total of more than 2,000,000 Ford customers. Such, in brief, is the history of one of the nation's greatest financial service corporations.

These figures are indicative of the substantial contribution being made by Universal Credit Company to improve conditions. This record of volume places UCC among the foremost of American financing institutions.

UCC has been repeatedly responsible for the reduction of finance costs for Ford buyers. The large volume of business developed has made possible constantly improved plans, providing economy, safety, and economy for the Ford purchaser desiring to buy out of income.

UCC again renews with the lowest and best plans it has ever offered. Under the new UCC Plans, after the usual low down payment, the Ford buyer can purchase his Ford car anywhere in the country on installments of only \$25.00 a month.

The cost of this extension of credit is only 1-2% or 1% per month on the original unpaid balance and insurance. Convenient UCC charts show these finance charges which are computed by multiplying the unpaid balance plus insurance by 1-2% per month (5% for 12 months—which is not simple interest but a multiplier for computation).

Where the \$25.00 per month plan is not used, and the Ford buyer wishes to vary the terms of his transaction, the cost is figured by multiplying the unpaid balance plus insurance by a multiplier determined at the rate of 1-2% per month for the total number of months the transaction is to run.

The insurance provided in the New UCC Convenient Payment Plans protects the purchaser's car against fire and theft, Collision, Flood, Windstorm, Tornado, Cyclone, Hail, Riot, and other elements of physical damage—complete protection against accidental physical damage to the car itself.

The major factor that makes the \$25.00 per month UCC low cost, easy payment plan possible is the great lasting value and public acceptance of the Ford V-8. More than 2,200,000 Ford V-8's have been sold in a period of four years (including two years, 1932-33, which covered the most difficult period of the late depression). Ford V-8 performance, economy, and beauty in the past is the guarantee of Ford superiority and value in the future. Greater and greater value with each passing year has brought unequaled dollar value in the new Ford V-8 for 1936.

UCC is happy to have the opportunity to participate in the great Ford sales program for 1936 by providing plans at lower cost and with lower monthly payments for the purchaser who desires to buy out of income. This will make possible Ford V-8 ownership to thousands of new purchasers who were unable to buy in the past because monthly payments were more than their monthly budgets would permit. There is economy also because the new plans are less

in cost to the time buyer and provide more safety for the purchaser's investment because of new features included in the insurance coverage provided with the plans. These lower costs, lower monthly payments on the New UCC Plans should materially increase sales by broadening the base of the Ford Time Buyer Market. Increased consumer credit by Ford buyers will in turn be reflected in increased Ford production and payrolls, all of which means further forward progress in the march to recovery and prosperity. The importance of consumer credit in motor car sales, and what it means to general prosperity, is further emphasized when we recall that one out of every ten persons employed is connected directly or indirectly with the automobile business.

Every day people are returning to gainful employment. The increasing volume of time buying is evidence of the fact that with the return of employment comes the urge to buy necessary transportation representing true value in economy and quality.

Families buy Ford cars today as they have for thirty years because of outstanding value. Outstanding quality at low cost has made the new Ford the choice of millions.

"Our choice is more than an exclusive credit institution serving Ford dealers and Ford purchasers," the Hondo UCC Branch Manager, Mr. McFadden recently stated. "We look upon the Universal Credit Company as an active arm of the Ford sales force, charged with the duty of helping the Ford dealer and the Ford purchaser in any matters where credit is involved and which has such an important bearing on the merchandising of automobiles."

Another important sales function of the Universal Credit Company which Mr. McFadden brought out in our interview was the very important matter of goodwill.

"The buyer delights in dealing with an organization which gives him prompt and courteous treatment, that deals with him in absolute fairness, ever maintaining the high standard of its service—a service rendered with the thought constantly in mind of making a repeat customer of the buyer. This he becomes as the result of a natural appreciation for the value in the products and the sincerity of the manufacturer and the seller."

A truly helpful credit service with friendly treatment is the business philosophy behind UCC credit operations. The convenient terms and low cost and safety features offer Ford buyers real economy and safety through a company that serves the Ford market exclusively. UCC Plans are available to Ford purchasers at McElroy Motor Company, Hondo, Texas, who are authorized Ford Dealers in this community.

SPECIAL DAYS AT EXPOSITION.

Dallas, Texas, Jan. 15.—A general invitation to every city and town in Texas to name its own date for a special day at the Texas Centennial Exposition has been made by General Manager William A. Webb. He will write the mayor of every town with a population of over 2,500 people asking him to designate a special Exposition day for their town between June 6 and November 29.

Each town is invited to arrange a special program either with band, orchestra or other entertainment talent. Radio facilities will be provided them at the Exposition. An auditorium will be built for these broadcasts and the special-day entertainments and programs.

In connection with this invitation General Manager Webb announces every Tuesday during the Exposition period will be Children's Day. On Tuesdays all children under the age of 12 years will be admitted to the Exposition for five cents. Every concession's admission price will be reduced to a nickel for the youngsters.

Special days also will be arranged for various sections of Texas, according to Regional Chamber of Commerce groupings. West Texas Day has been set for October 3rd, when Texas Tech will play football in the Exposition Stadium. Days will be set later for South Texas and East Texas.

HOARDING.

The city-dweller was reading a newspaper when he was heard to exclaim, "Even the cows are doing it now!" "Doing what?" inquired his wife. "Hoarding," he replied. "Right here in the headlines it says, 'Light native cow hides 7c.' "—Tit-Bits.

We are never more discontented with others than when we are discontented with ourselves. The consciousness of wrongdoing makes us irritable, and our heart in its cunning quarrels with what is outside it, in order that it may deepen the clamor within.—Amiel.

You're The Loser

WHEN you allow Headache, Neuralgia, Muscular, Rheumatic, Sciatic or Periodic Pains to keep you from work or pleasure.

You can't go places and do things when you are suffering—and the work or good times won't wait for you.

Why allow Pain to rob you of Health, Friends, Happiness, Money?

DR. MILES' ANTI-PAIN PILLS have been used for the relief of pain for more than forty years. They taste good, act quickly, do not upset the stomach, nor cause constipation, leave no dull, depressed feeling.

Thousands have used them for twenty, thirty, forty years, and still find that nothing else relieves pain so promptly and effectively.

Why don't you try them? Once you know how pleasant they are to take, how quickly and effectively they relieve, you won't want to go back to disagreeable, slow acting medicines.

Mrs. Chas. W. Webb, Indio, Calif.

You too may find quick relief. Why wait forty minutes for relief when Dr. Miles' Anti-Pain Pills will relieve you in ten to twenty minutes?

As a household remedy I have never found anything that equalled Dr. Miles' Anti-Pain Pills.

I never found anything that was so good to stop pain as Dr. Miles' Anti-Pain Pills. I have told many about them and I find they are all using them.

I have been using Dr. Miles' Anti-Pain Pills for years. I keep them on hand all the time. I can certainly recommend them for pain.

Miss Audra Seybold, 2417 W. 2nd St., Dayton, Ohio

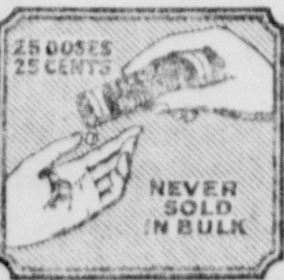

Your Anti-Pain Pills have been a wonderful help to me. I have used them for three years and always keep them on hand.

Mrs. E. Pierce, Lapwai, Idaho

I have used quite a lot of Dr. Miles' Anti-Pain Pills. They are fine pills to stop pain.

"THE IRISH IN US" OPENS AT COLONIAL MONDAY.

Warner Bros.' "The Irish In Us", with James Cagney, Pat O'Brien and Frank McHugh in the leading roles, opens Monday at the Colonial Theatre.

The cast as well as the director and most of the crew are Irish, including that inimitable trio, Cagney, O'Brien and McHugh, as the three sons of Mary Gordon, herself born in Ireland. Once a happy family, a rift sets in when Cagney and O'Brien fall in love with the same girl, Olivia de Havilland.

The film presents what is said to be the longest and most fiercely fought ring bout in history. Although it takes but fifteen minutes on the screen, it was five days in the making. Cagney and Harvey Parry, a former boxing champion, are the contestants.

P. T. A. HOLDS REGULAR MEETING.

The Hondo P. T. A. held its regular monthly meeting in the high school auditorium, Monday afternoon, January 13, at 4 o'clock.

The program consisted of a reading by Glenn McWilliams and a piano solo by Jean McCall.

After the regular business was disposed of, it was mentioned that Mrs. L. K. Barry, dramatic instructor at San Antonio Tech, wishes to present her pupils in a program here at Hondo if the P. T. A. will pay only the expenses. After quite a bit of discussion, Mrs. Starnes, president, appointed Mrs. Barry, Mrs. McDowell, and Miss Claypool as a committee to investigate as to the number and cost of busses. This committee will report at a call meeting at 3:45 o'clock, Monday, January 20, in the auditorium.

PLEASE NOTE: All parents are urged to attend this called meeting.

EVENING SCHOOL ORGANIZED.

The first evening school for adults to be held by Mr. C. D. Sadler, our Ag. teacher, was organized Monday night.

About twenty businessmen and farmers met at Mr. Sadler's request. After a talk by Mr. Barry as to the purpose of the school, study topics were discussed. "Corn Production" was picked as the topic for this school, which is to consist of ten meetings.

This topic was suggested by Mr. C. J. Monkhous, a prominent Hondo grain dealer. He stated that up until three or four years ago, Medina County was noted for the best milling corn in the United States. He stated, however, that admixture of strains of corn had lowered the grade considerably.

The meeting then adjourned to the science room, where the guests examined our Ag. department.

The next meeting will be next Monday night at 7:30. All who are interested are invited to attend.

—Owlets—
COURSE IN TEXAS HISTORY TO BE OFFERED.

According to Mr. Broxton, Principal, a course in TEXAS HISTORY will be offered next semester to those seniors and juniors who wish to take it rather than commercial law or economics.

"The course will be offered only this year. This is because of the Texas Centennial," stated Mr. Broxton.

As all three courses, history, law, and economics, could not be taught, the students were allowed to vote, there being sixteen votes for the new course and two for economics. Consequently, economics will be dropped. The history course will count one-half credit just as economics would have.

Mr. DuBose will be the instructor of the new course.

Miss Claypool will teach commercial law.

TRUSTEES ENTERTAINED.

The members of the Board of Trustees were honored by the Senior H. E. Class with a semi-formal dinner at the school house Thursday, January 9, at six o'clock.

The dinner table was adorned with an arrangement of Talisman roses in a crystal bowl. The room was lighted with yellow tapers in crystal candelabra.

A dinner consisting of fruit cocktail, fried chicken, mashed potatoes with gravy, string beans, tomato and lettuce salad, hot buttered biscuits, tapioca pudding, and coffee were served to Messrs. R. J. Reilly, Garland Martin, J. R. Chancey, C. J. Monkhous, Henry Merriman, M. I. Broxton, and J. G. Barry.

BASKETBALL.

The Hondo High School basketball team started the season Wednesday night with an impressive 40-19 victory over Edgewood High School of San Antonio.

Thursday night, however, they suffered a 34-11 defeat at the hands of the Woodlawn Methodist team of San Antonio, in the first game of a double-header. In the second game, the Redbirds defeated the same team by a score of 34-31.

The Redbirds also won a game on Wednesday night from a quintet from Brooks Field by a score of 46-30. The Redbirds led by 2 points at the half, and were hard pressed throughout the contest by the San Antonio team. Mr. Sadler was the high point man for the evening with a total of 19 points to his credit.

The High School team was again defeated Friday night by a team from San Antonio. The score was 25-19.

STATE DEPARTMENT OF EDUCATION

L. A. WOODS, State Superintendent,

Austin, Texas,
December 12, 1935.

Dear Mr. Barry:

I am very pleased to inform you that the Southern Association of Colleges and Secondary Schools in its annual meeting at Louisville, Kentucky, December 2nd-4th, voted without a single reservation to retain your school on the accredited list of the Association for the current year.

This is a very distinct honor conferred upon your school, because a very small percentage of the high schools with membership in the Southern Association escaped either a letter advising or warning concerning sub-standards in one or more points.

Yours very truly,
(Signed) J. W. O'BANION,
Chairman, Texas Committee.

NEW FOUNTAIN YOUNG PEOPLE ENTERTAINED.

The Hondo Methodist Young People's Department entertained the New Fountain Young People last Sunday evening at the church. After lunch was served on the lawn, the visiting young people contributed a very interesting program. The local pastor, Rev. Shan M. Hull, delivered an appropriate sermon at the church hour.

This was one of a series of entertainments by the Departments in the Blue Bonnet Union, which include Uvalde, Del Rio, Sabin, New Fountain, Knippa, Yancey, and Hondo.

OWLETS.

The past week-end Anna Laura Welhausen was a member of a house party given by Winnie Vosburg. She also went to Eagle Pass.

Luke Palmer, Stanley Sherman, (What in the) Sam Hill, Glen Hargis, and Fred Edwards, all of San Antonio, visited Fern Ulbrich Sunday night.

Evelyn Knopp's visitor Sunday was Decile Brown of Nixon.

Eldon Johnson was here again this week-end. Also Jack is still ill. He thinks, now, that when he is able, he will spend the remaining school year in Batesville, where he can regain his strength more rapidly. He may not come back to Hondo Hi till next September.

Evelyn Knopp, with her family, went to see "The Littlest Rebel" in San Antonio Sunday night.

Earline Watson was the guest of her cousin, Dorothy Crawford, of San Antonio Sunday.

—Owlets—
According to Mr. Broxton, principal, January 22 has been set as the date for the beginning of the mid-term examinations. Only three days will be needed for the examinations instead of four, as was first planned.

The exam schedule will be as follows:
Wednesday: A. M.—English.
P. M.—Math.

Thursday: A. M.—Home Economics
—Vocational Agriculture
P. M.—Social Science

Friday: A. M.—Commercial
—Spanish
P. M.—Science

Second semester classes will begin on Monday, January 27.

The basketball boys will probably begin practice at their usual time, 3 o'clock.

THE FARMERS' 'COON HUNT.

(With apologies to H. W. L.—or was it J. G. B.?)

By the shores of Hondo Creek,
By the shining Big-Creek-Water,

Was the campfire for our 'coon hunt,
Future Farmers on a 'coon hunt.

Dark behind it rose the pasture
Rose the oaks and thorny bushes

Rose the mesquites with thorns upon them.

There the booted Mr. Sadler
Took the little Future Farmers

Took them on the famous 'coon hunt,
On the Future Farmers' 'coon hunt.

There he sat down by the campfire,
While they walked till they were weary

Made a face at all the villains
Who would steal our only sausage.

Then our advisor, Mr. Sadler,
Gave us dogs and told us Farmers,

"Go, my sons, into the forest,
Where the 'possums herd together;

Hook for me a dozen 'coon skins,
With the dogs which I have brought you."

But, alas, we caught no 'coon skins,
For the 'coons had left the country,

For a boy named Jawnie Mummy
Smoked a pipe which almost killed them.

But we did kill three great big 'possums

Three big soft and fuzzy 'possums.
And the Farmers came and feasted,

On the sausage that we had there
And we drank a barrel of coffee

And we stayed till early morning.
Then we went home and praised each other,

Praised our prowess as 'coon hunters.
Called each other great 'coon hunters.

But I'll tell you, just between us,
We were telling mostly whoppers.

FINE FARM FOR SALE.

The L. J. Schmidt 640-acre farm, 1 1/2 miles northeast of Yancey and one mile east of Yancey-Hondo road, is for sale on easy terms. This is a beautiful tract of land lying in a square and is faced along the entire south side by a public road. It is a fertile, sandy loam soil and every foot is tillable. There are three fields, one of 185 acres, another of 145 and another of 10 acres, or a total of 330 acres in cultivation. The balance of 310 acres is divided up into two pastures and a trap for work stock, and all three are accessible to and are watered by a large earthen tank. This tank is kept constantly supplied by the overflow from a never-failing well nearby. The well is fifty feet deep and has never failed in water. It is equipped with windmill. Also there is a 90-foot drilled well with a head of 45 feet of water within 100 yards of the center of the tract. Place is well fenced throughout, has two comfortable tenant houses, big double barn and other out buildings. Property is located in a good neighborhood, in easy walking distance of a first class agricultural high school, postoffice, store, and Methodist and Baptist churches. Place will be sold at a moderate price, on easy terms. The man wanting a good farm home or a farm investment, close to both a proven oil and

REDBIRDS WIN FROM COTULLA
AND KELLY FIELD.

The Hondo Redbirds made it five
straight victories by annexing two
more games to their list, since last
week’s account.

Last Friday night the local quintet
defeated the strong Cotulla Matadors
in a fast and hard fought game
by the score of 35 to 31. The Red-
birds were leading by two points at
the half. Sadler and Parsons were
high point men for the locals.

Wednesday night the Redbirds
journeyed to San Antonio where they
met the Kelly Field Cagers on the
latter’s home court. The game was
closely contested throughout, the
score at the half was tied at nine all.
With both teams displaying a strong
defense. The Redbirds, paced by
Sadler and DuBoise, came out on the
long end of a 19 to 17 score at the
final whistle.

Players making the trip were:
Sadler, DuBoise, Barry, Grant, Rath,
Holmieg and de Montel.

Tonight, Friday, 17th, the local
team will meet the El Bell’s Garage
team of San Antonio at the Fair
Grounds Gym. The game will start
at 7:45 P. M.

of chicken sandwiches, stuffed olives
and punch were served to the follow-
ing: Dr. and Mrs. O. B. Taylor, Dr.
and Mrs. T. B. Knopp, Dr. and Mrs.
H. J. Meyer, Mr. and Mrs. Earl
Starnes, Mr. and Mrs. L. E. Heath,
Mrs. W. H. Smith, Mrs. Fred Spilker
of New York City, Mrs. Ed. Camer-
on, Misses Anne Davis and Lillian
Brucks, and Judge and Mrs. Brucks.

Accurate records kept throughout
the year show that the flock of 140
white leghorn hens belonging to D.
H. Allmon of Castro county made a
net profit of \$2 per hen for the year.
This record was made in spite of the
fact that Allmon was located in the
worst blown out part of the county
and every pound of feed that the
hens consumed had to be purchased.
Allmon attributes his success to the
purchase of pullets out of a high
producing flock, up-to-date housing
facilities, and well established meth-
ods of feeding and sanitation.

OBITUARY FREDERICK H. BOHLEN.

There is a land of pure delight
Where saints immortal reign;
Infinite day excludes the night
And pleasures banish pain.

There everlasting spring abides,
And never-withering flowers;
Death, like a narrow sea, divides
This heavenly land from ours.

Could we but climb where Moses
stood,
And view the landscape o'er,
Not Jordan's stream, nor death's
cold flood,
Should fright us from the shore.

In quiet obedience to the Lord's
call the soul of Frederick H. Bohlen
of Hondo departed this earth on Sun-
day morning, January 12, 1936, at
5:20, after a long period of illness.
He has crossed the narrow sea and is
beyond all pain and worry and an-
xious cares. It was quite apparent
that the deceased was prepared to
make this journey and his was a
peaceful end, surrounded by his
loved ones. His memory will linger
long in the minds and hearts of those
who knew him. In respect to the de-
parted we offer a brief resume of
his life.

Frederick Herman Bohlen was one
of a large family of 13 children, 6
sisters and 1 brother having passed on
before the deceased. His father was
Ernest August Bohlen and his moth-
er Volke nee Gerdes. The departed
was born on May 12, 1873. His par-
ents presented him to the Lord in
Baptism, and when he had reached
the proper age, sent him to the Luth-
eran school at Quihi. Here he re-
ceived a thorough knowledge of God
and of his Savior, as well as being
drilled in the common fundamentals
of learning. The foundations for a
strong Christian character were laid
early in life, and no storm of oppo-
sition could shake the house builded
upon rock. What a tribute such a life
pays to early Christian training! At
the proper age Mr. Bohlen was con-
firmed in the Bethlehem Lutheran
Church at Quihi. He grew up true
to the vow he made in confirmation,
being faithful unto death, growing in
favor with God and man.

Character is established in the
trials and battles of life. Mr. Bohlen
went out into the world, working for
ranchers and farmers in various
places of Texas. At the age of 22 he
settled down and became united in
holy wedlock with Volke Johanna,
nee Grell, on August 5, 1895, at
Quihi. Two children were a blessing
to this home, a son and a daughter.
The family remained on the farm at
Quihi for some time, when on Nov.
1, 1915, they moved to Hondo. Here
Mr. Bohlen operated a blacksmith
shop, where he made many friends
and won the respect of all for his hon-
est and efficient service. When his
health no longer permitted him to fol-
low this trade, Mr. Bohlen was em-
ployed at the Hondo Bottling Works.
The ways of the Lord are past
finding out. Yet His way is best. He
led the departed through many
sieges of illness from boyhood on, and
often little hope was held out for his
recovery. In the later years of his
life he was often under the physician's
care. The Lord repeatedly showed
mercy and gave the strength for re-
covery. To add to his cross, the Lord
saw fit to take his only son from his
side, Ernest, who died on January
29, 1929. This hard blow also served
to weaken the ties which bind to
this earthly life, and directed the
soul to thoughts of the life hereaf-
ter. Faith was being purified in the
furnace of affliction. The deceased
had the date fixed in his mind on
which his last serious illness began,
namely Feb. 13, 1934. He could not
work anymore, and gradually the
body broke down under the attacks
of gland disease. While he entertain-
ed hopes of recovery under the
will of God, even to the last, it was
His will to call him from this life on
Sunday morning.

Mr. Bohlen was a man of principle
and Christian character. He was used
to the simple life, his wants were few
and he was naturally frugal and in-
dustrious. One of his inherent char-
acteristics was a wholesome sense of
humor, which made him a congenial
companion in social relations and
otherwise. He was a wise and
thoughtful husband and father.

The departed leaves to mourn his
death the wife who was his faithful
companion and a comfort to him in
his illness, and his daughter, Frieda,
and son-in-law, Joe Pallo, and one
granddaughter, Gladys Bohlen, of
Hondo. Also surviving him are two
brothers, John and Henry, and three
sisters, Mrs. Fritz Nietenhoefer, New
Fountain; Mrs. Annie Rolf of San
Antonio, and Mrs. Augusta Schlaudt
of Warren, Arizona. Besides these,
he leaves to mourn his passing many
relatives and a large number of
friends and acquaintances.

Since his stay in Hondo Mr. Bohlen
was a faithful member of St. Paul's
Lutheran Church at Hondo. His
Church was loved and respected by
him and so were the servants of
the Church. He gave no occasion for
care to his pastors, and always wel-
comed their visits and the ministra-
tion of God's Word and Sacraments.
The day before his demise he was
able to partake of Holy Communion
together with his loved ones. When
the Lord called him from this life
he had attained the age of 62 years
and 8 months. May he rest in peace.

Funeral Services were conducted
from Hongo's Funeral Home on
Monday, January 13, at 3:00 P. M.
in charge of Rev. W. C. Leibfarth of
Hondo. Interment was made in Oak-
wood Cemetery. The following served
as pall-bearers: Emil Lindeburg,
Roy Bohlen, Roy Neitenhoefer, Otto
Marquis, Arthur Grell and Edgar
Balzen.

Our sincere sympathy extends to
the mourners, and may the Lord com-
fort them in their grief.
When we asunder part, It gives us
inward pain;
But we shall still be joined in heart,
And hope to meet again.

Crooked rows made the difference
between a feed crop and a failure on
150 acres of grain sorghum on the
W. W. Kuehn farm in Randall county
this year. Kuehn has about 320 acres
of his farm worked on contour this
year. He lost his wheat crop in the
drouth and high winds last spring.
Contour lines were run and the entire
field was listed with level rows and
planted to grain sorghum late in May.
A field with similar slope across the
road was listed up at the same time
and worked in a similar manner, ex-
cept that the rows were run in the
usual way. The field not contoured
was hardly worth harvesting. Kuehn
says, while the contoured field had
a splendid yield of both grain and
forage. Kuehn estimates that the
level rows made a difference of at
least 20 bushels per acre.

CASTROVILLE, TEXAS, TUESDAY, JANUARY 14, 1936

CASTROVILLE ZION'S LUTHERAN CHURCH.

Announcements:
Sunday, Jan. 19.—Sunday school and Bible class at 9:30 A. M.
Divine service at 10:30 A. M.
Attention Luther Leaguers: Our annual meeting will be held at night at 8 o'clock. All members are kindly asked to be present.
Catechetical instructions for adults will begin on Thursday, Jan. 26, at 8:00 P. M.
K. KONZACK, Pastor.

UVALDE MAN KILLED NEAR CASTROVILLE.

Jesse Halbert, age 40, was killed about 7:30 Sunday night, January 12, on the highway about 3 miles west of Castroville. He was on his way home to Uvalde in a Ford roadster when he collided with another Ford roadster going east and occupied by three young men from Oklahoma. Mr. Halbert was brought to town by a passing motorist but was dead when they reached here. He sustained a broken neck and crushed chest. The cars were badly demolished. Several hours later a hearse from Uvalde came over and carried Mr. Halbert's body back to his home at that place.

Sunshine for several weeks has enabled the farmers to somewhat catch up with their farm work which is still far behind.

Aug. Etter of the French Settlement is the proud owner of a new Chevrolet car, which he purchased on Tuesday of this week from Charles Gaines and Sons a Hondo. They are certainly fine cars.

Tax Collector and Assessor Heath and his force of assistants left here Friday after raking together, we suppose, all the tax money they could get.

Mr. Albert Beck died at Riomedina last week and was buried at Castroville Friday morning. A more extended notice will appear next week.

Mr. and Mrs. Charles Burrell and daughter, Miss Cornelia, were San Antonio visitors Tuesday.

A large force of highway workers are stretching wires on the east side of the Medina Bridge. The railings were recently taken down.

Ralph Tschirhart attended the races at Alamo Downs Tuesday.

H. J. Bippert returned Sunday from Galveston where he attended the County Judge's and County Commissioners' convention.

Alfred Scorp and family of San Antonio were Castroville visitors Sunday.

Lavin Burrell, who is working at Sturm Hill, visited homefolks Sunday.

Culled From The Castroville Page.
The LaCoste Ledger, Jan. 10.

Mrs. Julius J. Jagge was a visitor here last Saturday.

Mr. and Mrs. George Ahr of the Sauz were visitors here Sunday.

Mrs. Louis Meyer of Schertz was a visitor here one day last week.

Miss Faustina Christilles of LaCoste was a visitor here Tuesday.

Mr. and Mrs. August Schott and family were visitors in Devine Sunday.

Mr. and Mrs. Bernard FitzSimon were visitors in San Antonio one day the past week.

Mr. and Mrs. Archie Jagge and sons were visiting here one evening last week.

ANVIL SPARKS.

(Continued from first page.)

The one, the farmers' customer paying the other.

For this beneficent service which the government charges up to the competitors of the tariff beneficiaries and for which the said beneficiaries pay nothing, they are allowed to produce unhindered and to charge all the traffic will bear, placing all the proceeds in their own coffers.

For WHATEVER THE FARMER GETS out of the other, his CUSTOMER, not his competitor, must pay the tax for an expensive and complicated administration; he must agree to a limited production instead of being encouraged and protected in a capacity output; and instead of being free to throw his product on a world market and demand and pocket for himself all the traffic will bear, he must accept whatever dole a beneficent (?) government sees fit to give him in the way of rental payments after compelling him to curtail his production.

Strange brothers, are they not—these two tariff systems?

Who seems to be most likely to be the goat that will be fleeced to provide "prosperity" for the beneficiaries of the "farmers' tariff"?

Recently a learned (?) economist, after lengthy investigation, presumably at the taxpayers' expense, announces the discovery of what FARMING warned against at the inception of the processing tax; namely, that the increase in the spread between producer and consumer, due to the tax, would and is leading to a beating down of the price paid to the farmer to where it is offsetting the benefit payments while the increased cost to the consumer is causing a curtailment of consumption to such extent as to reduce the farmers' market outlet.

In the light of the foregoing facts,

Messrs. P. J. Tschirhart and J. F. Schott were San Antonio visitors last Thursday.

Herbert Penkert from San Antonio spent one day last week with homefolks here.

Mrs. Wm. R. Keller and son of LaCoste were Castroville visitors last Saturday.

Mr. and Mrs. Frank Bader and daughter and son from below Dunlay spent New Year's day with homefolks here.

Mr. and Mrs. Eddie Schott and children and Mr. and Mrs. Richard Haas and children of Devine were visiting here Sunday.

Mrs. Alvina Brieden and daughter, Miss Laura, and son, Richard, Mr. and Mrs. Harry Hans and Mrs. August Schott attended the funeral of the late Albert Pichot at Uvalde.

Mrs. Mary Groff and daughters, Miss Alice and Mrs. Lorene Haller and daughter, Vivian, of San Antonio were visiting here Sunday.

Mr. and Mrs. Max H. Bippert and children, Elois, Ivan and Billy, from the Sauz were visitors here one day last week.

Mr. and Mrs. Alfred Keller and daughters, Misses Velma, Cornelia, and Bertha, and sons, Alvin and Alfred, Jr., were visiting here last Saturday evening.

Miss Marguerite Tschirhart returned to her home in San Antonio after spending a few days with her grandmother, Mrs. Kilhnen, here.

Mr. and Mrs. Wilfred Tschirhart and baby and Mr. and Mrs. Herbert Holzhaus from San Antonio spent New Year's day with homefolks here.

Mr. and Mrs. Otto Naegelin and daughter spent Sunday with Mr. and Mrs. M. J. Rippes in San Antonio.

Mrs. Theresa Zinsmeyer and daughter, Miss Alma, and Mr. and Mrs. G. C. Tondre and children of Lytle, Miss Velma Keller of LaCoste, Oscar Reichert of Del Rio and Buster Harvey of Freer, Texas, were visiting at the Paul Tschirhart home here New Year's day.

Mr. and Mrs. Cornelius Schott and son, Wilton, were San Antonio visitors Saturday.

JAGGE REUNION.

Sunday, January 5, 1936, a real old time Jagge Reunion took place at the home of Mr. and Mrs. William Schmidt, 318 Delaware St., San Antonio, Texas.

About twelve o'clock the guests were called to the table which was beautifully decorated with candles and flowers. Each plate being labeled, every person was to look for his name. After finding it, he sat down to the table, while Mr. Schmidt gave a toast. Dinner was then served which consisted of chicken, salads, cake and coffee.

The evening was whiled away talking and playing cards. Those present were: Mr. and Mrs. William Schmidt, Mr. and Mrs. Ed. Poerner, Mr. and Mrs. Phil Jagge, Mr. and Mrs. Fred Jagge, Mr. and Mrs. Jul. Jagge, Mr. and Mrs. Archie Jagge, Mr. and Mrs. Horace McGlaughlin, Mr. and Mrs. Oswald Poerner, Mr. and Mrs. Floyd Haby, Misses Goldie, Verbie and Bernice Poerner, Lenora and Ethel Jagge; Messrs. Thomas Burrell, William Oglesby, Stanley, Sterley, Calvin and Melvin Jagge, and Homer Poerner.

At a late hour all departed, having had a lovely time, and all hoping to again meet to celebrate another reunion next year and many years to come.

who seems most likely to be the ultimate victim of the "farmers' tax"? If the great "American System" of a protective tariff is wrong—and the plight of its victims proves it is—it should be abolished.

It should be abolished because it is wrong and not by offsetting it that is possible—by attempting another "long policy" that is inherently more vicious than the other wrong, because inevitably it must eventually harm rather than help those now "benefited" and hopefully looking to it for relief.

WHERE THE FAULT LIES.

The only way taxes can be controlled is to limit the functions of government.

It is an ironical fact that millions of voters now complaining of high taxes have been responsible for increasing taxes by broadening official functions and increasing the number of departments. Many who oppose paternalism in theory support it in practice because of personal prejudice and selfish bias.

When government goes into business individual rights are abrogated and public expense increased. In condemning bureaucracy we must condemn ourselves for fostering and encouraging it.

We get as good government as we deserve by our actions. If democracy fails the responsibility and the blame belong to the people for not curbing officialism. We talk freedom and tax reduction and individualism—and, when action is necessary, most of us fail to uphold our cherished ideals in casting our vote.

Let the Anvil Herald job printers help you design any special printed forms you need in your business. We can arrange what you need.

ST. JOHN'S SCHOOL NOTES.

We are going to be very brief with our data this time due to the fact that our time is limited because of the preparation we are making for our semi-annual exams which will be given here January 27, 28, 29 and 30th.

COMING BACK TO SCHOOL.

You all have experienced the dread of coming back to school again after a pleasant vacation. Is there any reason why we should not experience that dread too? Now that we are back to school rules again it is not so bad, but my! the first day in school was really a hard day for us—our brains being rusty after our holidays we just could not study, and we looked into the second semester as one of misery for us. We have learned to look on the "bright side" of things, therefore, we will keep on hoping for the best to the end.

MR. SCHWEERS' VISIT.

We had the honor of having Mr. C. F. Schweers, county superintendent, visit us the first day classes were resumed. He stayed with us during the whole of the afternoon periods and we think that we pleased him very much. Mr. Schweers said he would call some other time. We thank him for his visit.

SOLEMN COMMUNION CLASS.

Rev. T. A. Flynn has decided that he will instruct those who are of age to make their Solemn Communion, beginning the second week of February. The class is composed of the pupils from the intermediate and higher grades.

CONTEST TO BE HELD JAN. 27.

Spelling contests will be given to all the grades here on Jan. 27, by Rev. T. A. Flynn. We hope that we shall not disappoint our teachers in this contest.

STARS DEBATE.

In the debates held since school reopened Mary Ann Noonan and Mary Louise Haegelin proved themselves superior pupils in English. Both of these girls are striving very hard to receive an honorary diploma.

INCREASE IN ATTENDANCE.

Elsie Bell Bendele, a sixth grade pupil of the public school of Quilhi, has entered as a pupil of St. John's for second semester. We hope she will like our school and teachers.

YANCEY SCHOOL NEWS.

The final report of the sixteen completed home projects of the MAJOR TYPE, the sixteen first Minor Type HOME PROJECTS and sixteen second Minor Type Home Projects. These three types totaled forty-eight projects. The labor income ranged from \$6.00 to \$322; this may seem quite high for each boy with his three projects to earn as labor income as much as \$322. However, the average for the entire 16 boys was \$99 plus. Total project income amounted to \$2,200 plus out over \$1600 was charged to expenses. Leroy Raseier had the best return from his projects which was \$322. He attended school every day and cultivated 10 acres of corn, 2 acres of beans, 4 acres of melons, and raised 300 baby chicks to broilers, doing all the work himself. We are proud of the record of the projects this year and hope to do better this coming term as we have much larger projects started.

Our F. F. A. has a paid-up membership to date of 24 members and they are doing very fine. The teachers-mothers-and-sons Banquet was a delightful occasion and many parents are very proud of what the boys are doing to improve their agriculture business.

Several new tools and other equipment have been added this term of school. We are pushing the boys to greater efforts to attain a better project program. The live-at-home program will soon start with the gardening and vegetable-growing for canning purposes. We will do our best to make a living at home by the use of all the agencies at hand. The most of the boys are very much interested in doing more about this live-at-home program.

The Mid-Term examinations are now taking most of all the students' time as well as the teachers' time. Many are doing fine with the tests while the fellow who failed to study his lessons is having plenty of trouble with them now. However, the high school grades are much better on the average than they were last year.

The F. F. A. athletics are beginning to get underway as well as other work and the boys are anxious to meet other teams in the coming contests. It seems that the mumps are playing a hard game with several of our boys of late.

Miss Short, the Home Economics Supervisor for this part of the State, was in the Yancey School H. E. department this week and was very well pleased with the general condition of that department.

The proper treatment for a bilious child

ANY mother knows the reason when her child stops playing, eats little, is hard to manage, Constipation. But what a pity so few know the sensible way to set things right!

The ordinary laxatives, of even ordinary strength, destroy all hopes of restoring regularity.

A liquid laxative is the answer, mothers. The answer to all your worries over constipation. A liquid can be measured. The dose can be exactly suited to any age or need. Just reduce the dose each time, until the bowels are moving of their own accord and need no help.

This treatment will succeed with any child and with any adult.

Doctors use a liquid laxative. Hospitals use the liquid form. If it is best for their use, it is best for home use. The liquid laxative they generally use is Dr. Caldwell's Syrup Pepsin. Any druggist has it.

the singing of some old favorite songs by the Junior members of the club. Mr. George Bendele called the meeting to order and Mrs. Louis Pichot, the secretary, read the minutes of the last meeting. After the reports of all the committees had been heard, the hostesses, Mesdames H. C. Rothe and Wallace Lutz, served delicious sandwiches and coffee to those present.

SOCIAL CLUB.

Saturday afternoon Mrs. W. E. Albrecht was hostess to the Social Club and other guests, when she entertained with three tables of bridge in rooms where roses were used for decoration. Dainty handkerchiefs were given as prizes to Miss Lucy Rothe, high member, Miss Cornelia Koch, high guest, Mrs. James Finger for consolation, and Mrs. Louis Carle, Jr., low. Others present were Mesdames Oscar Rothe, O. J. Reinhart, Will Nehr, R. R. Carle, H. L. Muenk, M. A. Zinsmeyer, Misses Josie and Sarah Rothe. Delicious refreshments were served.

BRIDGE CLUB.

Miss Tina Rothe was hostess to the club and several guests on Monday afternoon. Beautiful potted plants were used as decorations.

At the close of the games prizes were awarded to Mrs. E. A. Rothe for high member and to Miss Sarah Koch for high guest. Mrs. Volney Boon cut high for consolation and Mrs. John Rieber received low score prize.

A delicious lunch was served. Other guests present were Mesdames John Zinsmeyer, Ben Koch, Ed. Finger, Hy. Biry, A. J. Finger, John Finger and Ferd. Koch, and Miss Corny Koch.

Well-Being to Unknown
Preparations

BEFORE you take any preparation you don't know all about, for the relief of headaches; or the pains of rheumatism, neuritis or neuralgia, ask your doctor what he thinks about it—in comparison with Genuine Bayer Aspirin.

We say this because, before the discovery of Bayer Aspirin, most so-called "pain" remedies were advised against by physicians as being bad for the stomach; or, often, for the heart. And the discovery of Bayer Aspirin largely changed medical practice.

Countless thousands of people who have taken Bayer Aspirin year in and out without ill effect, have proved that the medical findings about its safety were correct.

Remember this: Genuine Bayer Aspirin is rated among the *fastest methods yet discovered* for the relief of headaches and all common pains... and safe for the average person to take regularly.

You can get real Bayer Aspirin at any drug store—simply by never asking for it by the name "aspirin" alone, but always saying BAYER ASPIRIN when you buy.

How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the third or fifth night if needed.

How do Calotabs help Nature throw off a cold? First, Calotabs is one of the most thorough and dependable of all intestinal eliminants, thus cleansing the intestinal tract of the germ-laden mucus and toxins.

Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the system. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds.

Calotabs are quite economical; only twenty-five cents for the family package, ten cents for the trial package. (Adv.)
